ProLantern
Multi LED Light Chargeable Lantern
MODEL 0090

PRODUCT INFORMATION BULLETIN

DESCRIPTION

The ProTran1 ProLantern allows you to go out on the tracks with only one ProTran1 Lantern instead to 5 or 6 single light lanterns.

The ProLantern allows multiple LED colors (Direct Sunlight LED's) with the turn of a key. The unit eliminates the need for batteries since it is a complete chargeable system.

The ProLantern is light weight, user friendly, and takes only seconds to set up.
